Hasanuddin Lamit & Khairina Zek Khairuddin

It was pleasing to see that all the works have displayed great and intellectual design process. Their mature standings and initial training are reflected in many of the works that manifest the process. However, what is wanting is the carry through or interpretation of this preliminary commendable work into actual design. All, but one, has shown a credible attempt to creatively and intelligently translate an idea into design. Others were rather too complex which might indicate a poor control of the design process thus resulting in an output that is non-singular and lacks coherence. Design principles are clearly evident in some projects while others are vaguely noticeable. The overall complexity and sophistication of design are pleasures to behold.
