THE 11th INTERNATIONAL FUNDAMENTAL SCIENCE CONGRESS

'Fortifying Fundamental Sciences
for Translational Impact'

30th – 31st OCTOBER 2019

Palm Garden Hotel, IOI Resort City, Putrajaya
Malaysia

ORGANISED BY:

FACULTY OF SCIENCE

▶ INTRODUCTION

The 11th INTERNATIONAL FUNDAMENTAL SCIENCE CONGRESS (iFSC) is an annual event organised by Faculty of Science, Universiti Putra Malaysia (UPM).

The honour is given to the Department of Chemistry to host this prestigious event, and the organising committee of iFSC2019 takes great pleasure to invite researchers, academicians, expert scientists, postgraduate students and others from various disciplines of science to participate in this congress.

Reflecting the existence and the importance of fundamental sciences, the theme for this year is *"Fortifying Fundamental Sciences for Translational Impact"*.

The international congress aims to bring together academics, researchers and scientists to identify and address current and pertinent issues of interest in fundamental science disciplines. iFSC2019 serves as a platform for the scientific community to develop researches and innovations through networking, knowledge sharing and collaborations.

▶ OBJECTIVES

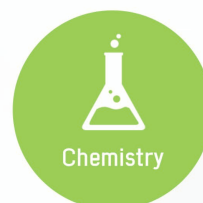

- 1 To present the most recent discoveries in fundamental science;
- 2 To encourage the discussion of fundamental research among the participants;
- 3 As a platform for knowledge and expertise exchange between the experts from the industry and the academia;
- 4 To identify long and short term projects that can be developed among the participants.

▶ SCOPE

In line with the theme, The 11th International Fundamental Science Congress 2019 (iFSC 2019) is meant to cover both Fundamental and Applied Sciences in:

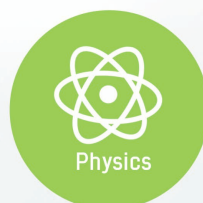

Biology

Chemistry

Mathematics

Physics
